

# 2023 Graduate School of International Cultural Studies, Gifu Shotoku Gakuen University Graduate Admissions

General admission/Special admission for adult · working students/Admission for international students

## The Master's Course in International Education and Cultural Studies

This course aims to foster teachers and educational administrators who can promote international understanding and international exchange. Students will improve their ability to teach and conduct research at educational institutions. This program is for people with working experience, including current teachers and international students.

## The Master's Course in International Area Studies

This course aims to foster individuals, who can actively work on international cultural exchange and the solving of regional issues (SDGs) through the development of language and communication skills in regions closely related to Japan. The program is for people with work experience and international students.

We will be able to offer the specified credits to obtain the first- and the second-class licenses for special needs education under the course registration system. (\*Prerequisite: elementary, junior high, or high school general teacher's license)

**Open  
Campus**

7/23 (Sat.)

8/6 (Sat.)    8/7 (Sun.)

8/20 (Sat.)

Faculty and staff provide private individual counseling regarding curriculum and licenses you will obtain. We will also provide direction for your research. Please join us, if you are interested in our program. The counseling is also offered online.

*\*Advance Reservation required.*
